

Raja Ampat - My Love

von Ute Niemann

Lush nature - beautiful coral reefs - this is Raja Ampat

An extraordinary travel destination, an experience not just for divers. Jungle and sea - mangroves, lush nature and untouched islands in the vastness of the ocean in Raja Ampat. Lovable people whose laugh is so warm and contagious. Reefs rich in fish and a unique biodiversity in the coral triangle. Come to the fascinating land of the Four Kings in Indonesia with the photographer Ute Niemann
